

2009

Beechfield®
ORIGINAL HEADWEAR

Think headwear, think Beechfield – the number one name in promotional caps and hats.

Our comprehensive collection of quality headgear covers every requirement. Work, school, sport, fashion: baseball caps, bucket hats, army caps and beanies... We stock more than 50 designs in the most tempting colour palette imaginable.

For 2009 we've launched a further nine designs along with an inspiring selection of new on-trend colourways...

Army Caps in new fabric options advance our Fashion offering: choose from vintage herringbone, melton wool and Eco-Option organic cotton. And now there's a kids' Army Cap too.

Get sporty with the new Coolmax® Performance Cap, or 'go green' in our Eco-Option Organic Cotton 6 Panel Cap.

Stay cool in the Outback Hat, or look hot in our Classic Peru Hat (with microfleece lining).

For something completely different, try the multi-purpose Morf™ – versatile performance headwear for active lifestyles.

Surf Blue, Storm Grey, Chestnut, Indigo and Vintage Stone – our 'up-to-the-minute' new colours are straight out of retail.

Whether it's a new addition or an old favourite, every Beechfield product has been developed to exceed your expectations. We lavish attention on every last detail, to offer stylish headwear for all with Quality and Value, quite literally, stitched-in.

Beechfield: The Ultimate in Original Headwear.

Ethical Principles

Beechfield is committed to upholding the highest ethical and environmental standards throughout our entire supply chain.

We operate according to an ethical policy that protects and rewards every individual involved in the manufacture and supply of our products. The ethical policy references and respects local laws, with regard to wages, health and safety, workers' welfare and human rights. It expressly forbids the use of coerced/forced labour, including child workers. Our field based staff carry out full audits on all of our manufacturing partners to ensure that our ethical standards are constantly maintained.

We endeavour to protect the quality of the environment through sound environmental practice. We ensure that our manufacturing partners meet or exceed all local environmental laws and regulations, and we promote energy efficiency and the reduction of waste at every stage of production.

We know the value of your image and good reputation. You can rest assured that choosing Beechfield will only ever enhance your own ethical and environmental credentials.

Features&Definitions

Products: **B185/B181**
COOLMAX® fabric moves perspiration away from the body so that it can evaporate quickly. This property helps users stay drier and more comfortable.

Product: **B16**
The Smartfit™ cap combines elastane fabric and elasticated sweatband technology to achieve great looks and an incredibly secure fit.

Products: **B47/B295**
The moisture resistant and breathable fibres of Thinsulate™ insulation work by trapping air molecules and creating a thermal barrier. The result is extreme warmth and user comfort, without the bulk of regular insulation materials.

Products: **B35/B42**
3M™ Scotchlite™ Reflective Materials use a technology known as retro reflection. Retro reflection occurs when light rays are returned in the direction from which they came; eg from car headlamps. Scotchlite™ makes sure you are seen and remain safe.

Products: **B241/B243/B244/B255/B285/ B290/B291/B295/B296**
Suprafleece™ provides warmth and breathability without weight. The anti-pilling properties of the fleece fabric ensure that Suprafleece™ products retain their good looks for longer.

Product: **B36**
Wool is nature's ultimate performance fibre and in combination with other fibres can provide great looking, durable and comfortable headwear.

Products: **B834/B858**
The Organic Exchange 100 Standard provides a scheme for independent verification that 100% certified organic cotton has been used to create finished goods - www.organicexchange.org. Verification is carried out for Beechfield by Control Union - www.controlunion.com. Beechfield hold licence number CU 811033.

Product: **B185**
Fabrics treated with Dupont™ Teflon® offer water repellency without affecting breathability. The hidden benefit is resistance to soiling so headwear will retain its clean look for longer.

Products: **B789/B88**
The Ultraviolet Protection Factor (UPF) measures the sunlight protection provided by fabric. UPF 50+ is the highest rating awarded to garments which are designed to protect the user from prolonged exposure to sunlight.
