USA MARINE

A PERFECT DAY OUT SINCE 1955

USA Marine is a genuine leisurewear concept based on Clipper A/S's values, skills and materials. The range caters for the quality conscious man and is designed for leisure and outdoor.

The style is inspired by the maritime life. The materials are durable and made to be used. And details and finish are top priority both in design and production.

Thus USA Marine products are designed and manufactured to be used in an active and often outdoor context where the requirements for materials and comfort are of the highest importance.

USA Marine leisurewear. A perfect day out since 1955.
