15 YEARS PROFESSIONAL CHEFWEAR!

A black and white photograph of five men in a kitchen. On the left, a man in a white chef's coat holds a book. In the center, a man in a white lab coat stands with his back to the camera, looking towards a man in a white shirt who is smiling. To the right, two more men in white shirts are seated at a counter, looking at a pot on the stove. The background shows kitchen shelves with large glass jars.

Preface

“Life is
worth
cooking!”

It has been 15 years since I picked up the traditional chef's pants a friend of mine had burst out of while preparing the mise-en-place. Tucked away in my tiny apartment in Amsterdam, I threw myself at the design of the first trendy pants for chefs and the rest, as they say, is history.

Many creative years later Chaud Devant® has grown into a leading brand for chefs in the Benelux, and the fashionable, comfortable range is being sold in a number of European countries.

I feel inspired and honored by the chefs who allow me to dress them. The unprecedented passion with which they make cooking into an art form and their knowledge of how to make optimal flavor combinations is simply extraordinary. I am incredibly lucky that I can combine my professional creativity with my passion for food and drink in this delicious, delightful culinary world!

Of course, this success can only be achieved with an enthusiastic and tightknit team of loyal people around me – above all, you! Thank you so much for wearing our chefwear!

We hope you enjoy Chaud Devant® as much as we love creating it!

Heavenly Oriental

1

Soenil Bahadoer's style of cooking - aromatic and colorful, with a subtle use of herbs and spices - was inspired by his Hindu parents. The small kitchen of this modern restaurant produces the most fantastic culinary creations. They look like little works of art and each mouthful is a taste explosion. For Soenil, cooking is a passion. And that is something you can see, smell and taste!

Dutch Originals

A small country can be great at many things. Take, for instance, the famous oysters and mussels from Zeeland. Or how about Dutch shrimp and lobster, dark red cranberries and strawberries, creamy white asparagus and golden cheeses... As an original Dutch brand, Chaud Devant feels more than at home amongst the wonderful products of the Dutch soil.

New Generation

You can hardly call them up-and-coming talents anymore: Thierry Theys, Filip Claeys and Kobe Desramaults have already made their culinary mark. So what else do these young, gifted chefs have to offer in addition to their work with the highest-quality regional products? A classic foundation supplemented by the latest techniques and styles, an enormous drive, and a 'both feet firmly on the ground' mentality. Not to mention that they learned their profession with passion and dedication from the current leading chefs in gastronomy!
