

Grill plate

Material:

Plate styled in bone china porcelain with a single circle.
Diameter 300mm

Note:

The EGO grill plate is a 'dry' and elegant solution for a juiced and mixed situation...

- A single concentric circle divides the plate into sections on which the meal can be arranged and enjoyed without mixing.
- No beef garniture on the fries... no salad dressing on the shrimps... visa versa!
- Use it everyday! - Indoors or outdoors by the barbecue
- Flat plateau, for easy meals.
- A perfect match to our grill cutlery – clean and strong visual performance.
