2012

You will see our 80th Anniversary celebration lighters, be bedazzled by brilliant new color finishes and techniques. Mark the return of Zippo watches, and gear up for the Great Outdoors.

We have one more surprise in store for our anniversary year. Sometime in 2012 – mid to end of second quarter, as close as we can calculate now – Zippo will produce our **500 millionth** (that's a half billion!) Zippo windproof lighter.

What a milestone to celebrate! We'll be keeping a close eye on production – watch for more information as the time gets closer.

80th Anniversary Limited Edition

Stylish bright cut and laser engraving accentuate the sophisticated Black Chrome Armor finish of Zippo's 80th Anniversary Limited Edition collectible. Each lighter is authenticated with Anniversary Edition bottom stamp and consecutive numbering on side, and packaged in a distinctive black self-display box. Only 41,932 pieces of this limited edition commemorative will be produced for worldwide distribution during Zippo's 80th anniversary year.

Zippo puts an interesting spin on classic brushed chrome. The front and reverse surfaces are vertical brushed chrome, but the outside edge surfaces are black matte. So is it brushed chrome or black matte? Both... it's **Framed**, a hot new look for an old favorite.

Bottomz Up

Bottomz Up displays the traditional Zippo stamp not only on the bottom, but also on the top of the high polish chrome lighter. The conventional date code, showing month and year of manufacture, is stamped on the canned-style bottom, while the canned-style lid is branded with the year of manufacture and the **B**TM symbol identifying it as Bottomz Up[®].

Fits into standard Zippo displays.

Pipe lighters

The Zippo pipe lighter is made to the same high quality standards as a Zippo Windproof pocket lighter, but designed for the special needs of pipe smokers. The ingenious design encases the flame in metal, allowing it to be drawn directly into the pipe without bending over the side. The result: Perfectly lit tobacco, with no damage to the pipe.
